Genetic Resources and Food Security

- Protection and Utilization through International Cooperation

15:00 Opening Remark by **Prof. Dr. Naoya Fukuda**
(Director of T-PIRC, University of Tsukuba, Japan)

15:05 Lecture I by **Dr. Tomotaro Nishikawa**
(Chief of Promotion Team, NARO)

“International Cooperation through Joint Research on Plant Genetic Resources”

15:20 Lecture II by **Dr. Nono Carsono**
(Associate Professor, Padjadjaran University, Indonesia)

“Environmental Risk Assessment of Miraculin Transgenic Tomato”

15:35 Lecture III by **Dr. Ya-Ping Lin**
(PostDoctor, World Vegetable Center, Taiwan)

“Genetic Resources in the World Vegetable Center: Bridging International Vegetable Breeding Networks”

15:50 Lecture IV by **Dr. Ken Hoshikawa**
(Researcher, JIRCAS)

“Prospects and Potentials of Underutilized Crop Species through International Joint Research for Sustainable Food and Nutritional Security”

16:05 Lecture V by **Dr. Shin-ichi Yamamoto**
(Principal Scientist, NARO)

“NARO Genebank Project and Development of Conservation Technology for Plant Genetic Resources”

16:20 – 17:00 Panel discussion

Facilitator: Prof. Dr. **Kazuo Watanabe**
(Professor/Deputy director of T-PIRC)

ORGANIZED BY:

Tsukuba-Plant Innovation Research Center(T-PIRC)
University of Tsukuba

E-mail: t-pirc-office@un.tsukuba.ac.jp

Address : 1-1-1 Tennoudai, Tsukuba, Ibaraki 305-8572.
